

BECOME A HIGHER LANDING GRIZZLY

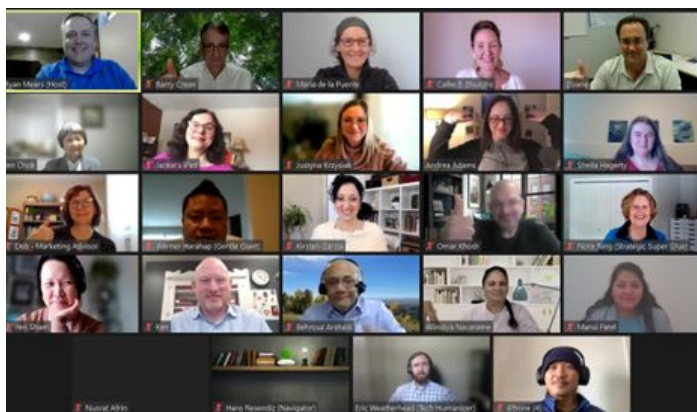

Join the Grizzlies - a panel of successful business leaders working together to provide professional career development and guidance to Canadian job seekers.

What is the Grizzly Den?

The Grizzly Den, inspired by TV's Dragon's Den, is much like a panel interview for clients who are in the career transition process, and allows them the opportunity to pitch themselves to a panel of decision makers.

The objective is for you to provide the presenters with feedback on their presentation, evaluating them on things like clarity, confidence, likability and market readiness. If successful, clients become 'Grizzly Certified'.

This feedback is integral in identifying blind spots, allowing clients to 'land higher'.
